Things have been quiet since we had the last meeting, but now we are into April things will be getting a bit more active.

We had a great turnout for the AGM. Sue Lock came along to receive a cheque on behalf of the Air Ambulance the amount of £1665.40 was raised which was fantastic. I never imagined we would have raised so much.

This year my charity is for encephalitis and for my project I would like to raise some money to help enhance what the new Captain would like to do. I understand he would like to put a patio outside our new halfway house., so I

Thought it would be nice if we could go a step further and add some potted plants.

We have had our 4ball BB comp against the seniors. We lost to them again 5-3 but we will try again next year.

Now that we are into April our League and Friendly matches will start. And our first League match is at home against Kirton Holme. Also this month we play Spalding at home it will be the first time we have played them, and we get to play them at Spalding in June. Im looking forward to that as we haven't played there before. Our first friendly is against Boston at home on the 21<sup>st</sup> April.

We decided to change our team colours this year. And after a great deal of discussion with the ladies we decided on Paradise blue only to find that Pete cannot get them until July. So now it seems we will keep wearing the old colour and the blue we wear for our mixed games.

In March Barry Wilson sadly passed away after his battle against cancer. For those who knew him they know that he was a great person and would help anyone . I attended his funeral and sent his wife Junetta and family a card from the ladies section. Flowers was sent from the club on behalf of us all as family flowers only had been requested.
